aequationes mathematicae

Editorial Office

University of Waterloo, Faculty of Mathematics, Waterloo, Ontario, Canada N2L 3G1.

aequationes mathematicae is published by the University of Waterloo and Birkhäuser Verlag.

The journal publishes papers in pure and applied mathematics in general, but, in particular, papers on functional equations, combinatorics, dynamical systems, and numerical analysis. The languages in which papers will generally be accepted are English, French, and German.

Types of manuscripts that will be considered for publication include original research papers, problems and their solutions, research survey papers and self-contained summaries of papers which have been accepted for publication either by this or some other journal with a referee system. In addition, bibliographies and reports of meetings on topics of particular interest to the journal will appear from time to time. Manuscripts of papers should be submitted to the Editorial Office or to a member of the editorial board. Authors of papers should send the original and two additional copies. Since it is the policy of the journal to publish summaries of accepted papers (in advance, if a long delay in publication is anticipated), authors should include with the original manuscript a self-contained summary of not more than 25 lines which contains a statement of the main results of the paper. Authors should also include an AMS classification for their paper.

Subscription information

This journal appears in 2 volumes of 3 issues (6 issues in 1992)
Annual subscription: sFr. 418.–, DM 498.–, US$ 284.00, postage not included.
Single issue: sFr. 85.–, DM 104.–, US$ 60.00, postage not included.
Subscription orders should be placed with Birkhäuser Verlag, P.O. Box 133, CH-4010 Basel/Switzerland, or through bookseller or subscription agency.
Additional charges for airmail are available on request.
Claims for undelivered issues must be made promptly – at the very latest, immediately following receipt of the issue succeeding the missing number. No cancellations are accepted for the calendar year once subscription has been entered. Cancellation of standing orders must be effected 3 months before the end of the publishing year.

Copyright

It is a fundamental condition of publication that submitted manuscripts have not been published, nor will be simultaneously submitted or published elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microfilm or any other reproductions of similar nature, and translations. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic data bases, video disks, etc., without first obtaining written permission from the publisher:
